

Barton

May 18, 1925.

Mrs. M. A. Fanning,
1803-1-2 Variposa St.,
Los Angeles, California.

My dear Madam:

Appears of correspondence, and details of our ceremonies of unveiling on the 21st of this month, have made it impossible for me to take up your letter of May 2 until today. Permit me to tell you that Miss Barton's name was included on the list which went to our preliminary Committee of twenty-one, and has received enough votes to place her on the final ballot which is submitted to our entire College of Electors on the 1st of June.

For your information, I am enclosing a copy of our "Rules of Election" in order that you may have some idea of the method of procedure.

Very truly yours,
